BERLIN, Aug. 13. — Canadian rowers have won the Olympic basketball championship today by overwhelming Poland 83-3. They will play the United States for the title.

GRUNAU, Germany, Aug. 13. — Charles Campbell leads the Olympic sprint final calls by finishing third in his semi-final heat today, but is other members of Canada's little armada, Hamilton and Campbell.

Defeating by a seven-two vote the proposal by Ald. Margaret Carr, supported by Ald. Guy Patterson, that Reuben Manager H. H. Patterson be dismissed from his post and that a new appointment be made to this position. The city council nevertheless decided Wednesday night that a reorganization of the relief department be taken by commissioners. Motion for reorganization was carried by a vote of 10-2 and seconded by Ald. Charles Gould, the mover claiming some subordinates in this department were inefficient, lacking in loyalty and cooperation.

The vote was unsuccessful in persuading any of the councilors present, excepting Ald. Pat-

## THOMAS MAGEE LEAVES POST IN EDMONTON

**75-Year-Old Veteran Relieves Official Resigns—**

## Will Go To Coast

Seeking a climate better suited to his health, Thomas A. Magee, 75-year-old veteran civic leader and department superintendent, has handed his resignation to city commissioners and will leave a position of responsibility after 23 years at the end of August. Mr. Magee, who resides at 10645 113 Ave. N.E., is expected to leave his cover where he will make his new home with Mrs. Magee.

Serving as head of the permanent committee on the city's assistance for aged people and those unable to work because of physical handicap, Magee has been a

longtime vocal complainant. He said, "Feeling that it was a real trouble in the department it was necessary to go to great extent by 'interfering' aldermen."

### NEED FOR SYMPATHY

Supporting Ald. Crang's motion, Ald. Patterson took the view that a prime necessity for the head of a department is sympathy. He stated that he lived in the Westmont district where there were a lot of old people and that he understood their problems. The alderman believed that Mr. Magee was not fitted for the position and should be dismissed.

Father Coughlin would take the Reserve Bank system out of the hands of the Federal Reserve and give it to the private bankers who would give it to the government. He would buy up the stock of the Reserve Bank and pay for those stocks with government paper. Then he would create a government-owned bank—a central bank—the Bank of the United States, which would take over the Reserve Bank.

## Safety Truck Here Today

Costing \$15,000 and containing elaborate equipment to make automobiles safer in city and highway traffic, a special truck operated by an expert of the Johns-Manville Brake Lining Company and sponsored

by Taylor & Pearson Ltd., distributors of this product, arrives here at noon today and will be used to demonstrate safety principles in the city today, Friday and Saturday.

## Visiting Brake Expert Will Outline Safety Principles in This City

Reflexograph Will Determine Time Motorist Takes to Make Up Mind in Emergency—Truck to be Parked at Jasper and 102 Street

Edmonton motorists and pedestrians alike will have ample opportunity this week to absorb the principles of safe traffic on city streets and highways. Brought to Edmonton by Taylor-Pearson Ltd., distributors of Johns-Manville brake linings, a large truck, fitted with loud-speakers and containing elaborate safety equipment arrives in the city at noon today.

Friday and Saturday the truck will roam around the city and an expert brake engineer will demonstrate traffic safety principles. The safety truck will be officially welcomed to the city at noon.

Inside the truck there is said to be an extraordinary assemblage of working brakes of all types. In addition there is a "reflexometer" which will determine the length of time it takes a motorist to make up his mind to take a definite action. An opportunity will be afforded interested persons to attend the lectures given in the truck and to try out the "reflexograph."

### TO CHECK MOTORISTS

The truck will be parked at noon on Friday and Saturday at the corner of Jasper avenue and 102nd street. Four traffic policemen will be on hand as well. Every motorist and pedestrian will be informed of any mistakes they may make respecting traffic regulations, by

the "reflexometer."

When you drive your car at 30 miles per hour and have to stop suddenly, how many feet will it take you to bring your car to a safe halt?

Individual motorists of Edmonton can learn the answer to this question on Thursday when the Johns-Manville Safety School arrives to give free tests to the public. The school is on a tour of the country teaching the vital necessity of safe driving in a campaign to lessen the alarming toll of deaths on Canadian highways.

The fact that stopping distance of automobiles varies with the individual reaction of the driver is clearly explained and demonstrated by J-M. Safety Engineers.

The average driver will require three-fifths of a second to get his foot off the accelerator and onto the brake pedal. This means that at 40 miles an hour his car will travel 32 feet before he begins to put on the brakes. Then, if his brakes and brake lining are in good condition and the pavement is dry, the car can be stopped safely in 88 feet. In other words, the driver should keep a distance of 123 feet clear ahead of him if driving at 40 miles per hour. Naturally, the stopping distance decreases or increases with the speed of the car.

Operation of an actual automobile is simulated in the driving tests. The apparatus is housed in a huge trailer. The person receiving the test sits in the driver's seat and grasps an automobile wheel. At his feet are clutch and brake pedals.

Knowledge of his "Reflex" Time is vitally important to a driver so that he can always keep a safe distance clear ahead of him at whatever speed he may be travelling.

driver, with the average "Reflex" time of three-fifths of a second, will be able to stop his car safely at various speeds as follows:

Speed	Time to Stop	Distance to Stop
10 m.p.h.	1.50 ft.	22 ft.
20 m.p.h.	2.00 ft.	40 ft.
30 m.p.h.	2.50 ft.	60 ft.
40 m.p.h.	3.00 ft.	88 ft.
50 m.p.h.	3.50 ft.	123 ft.
60 m.p.h.	4.00 ft.	160 ft.
70 m.p.h.	4.50 ft.	200 ft.
80 m.p.h.	5.00 ft.	240 ft.
90 m.p.h.	5.50 ft.	280 ft.
100 m.p.h.	6.00 ft.	320 ft.

It will be noticed that the distance necessary to stop the car increases in much greater ratio to the speed and offsets the argument of many motorists that "I can stop my car in 30 feet at 60 miles an hour."

The tests require only a minute or so and everyone taking it will be given a printed record of his time. The school also gives away an interesting booklet that makes a question and answer game out of the subject of safety. It contains 20 vital safety questions, each question followed by three answers, one of them being correct. There are also 10 simplified questions for children.

## Old Timer Is Hurt In Team Runaway

DAWSON CREEK, Aug. 13.—Jack Oram, well known old timer of this district, lies in the Dawson Creek hospital in a serious condition, suffering from a fractured skull and badly broken jaw which he received when thrown to the ground after his team of horses ran away with the binder, Wednesday afternoon.

Fellow workmen and neighbors, becoming alarmed when the team returned home alone set out in search of Oram and found him in a semi-conscious condition out in the field. He was rushed immediately to the hospital.

Oram is a bachelor and has been in the district for the last 21 years. He formerly homesteaded four miles south of Bolla.

## Here Are Four Ways For Making Pickles

By MARY E. DAGUE

"Feel your onions and see if they are ripe, for picking time is drawing near."

Remember the old rhyme? Crisp, juicy pickling onion pickles are indispensable on the relish tray and of course you know that to avoid any smarting when peeling onions, all you have to do is to hold them under cold water.

Have you seen the tiny, prickly fat cucumbers on the market? These are the genuine dill pickers. After you have these almost ready to eat, make a big bowl through the center and pull a piece of pickling through. They look very attractive in the jar and will be nice to add to a Christmas basket next winter.

Sister Mary

One peck fresh, 1½ pounds

barrel salt, 1 tablespoon

alum, 1 gallon vinegar, 1 pound

mixed spices, granulated sugar.

Wash pickles and put in a deep

crock sprinkle with salt as you

put them in, cover with water,

weight to keep under brine and

stand six weeks. Drain from

brine and rinse in clear water.

Put in clean crock, add alum

and cover with warm water. Let

stand over night. The next morn-

ing drain and wipe dry. Make a

syrup of vinegar, 1 pound of

sugar and spices and pour over

cucumbers. Let stand one week.

Drain off about 1 quart of vinegar

and add 1 pound of sugar. Bring

to the boiling point. Each week

add 1 pound of sugar until you get

them as sweet as you want them.

Then put in jars, cover with hot

vinegar and seal.

NANCY'S PICKLES

The cucumbers about three

inches long for these pickles.

One peck cucumbers, 1 cup salt,

1 cup sugar, 12 cup dill seed,

1 cup sliced horseradish root, 1 gal-

lon vinegar.

## MORE MINERS JOIN STRIKE AT GLACE BAY

**3,000 Swell Ranks of Men Demanding Higher Pay**

**—Walkout Spreading**

GLACE BAY, N.S. Aug. 15.—Four mines in the Glace Bay coal fields were tied up last night as the ranks of the strikers swelled to 3,000.

Miners of Colborne and No. 11 collapsed joined men from No. 2 and No. 34 in a walkout in sympathy with the No. 2 Longwall operators demanding higher pay.

**SPREADING RAPIDLY**

The strike was spreading rapidly behind agitators addressing mass meetings.

The miners were attempting to suspend operations at the International coal pier in Sydney.

Meanwhile, D. W. Morrison, president of the United Mine Workers, declared the walkout an "outlaw strike."

**NO RELIEF**

The town relief commission was instructed not to issue relief to miners for time during the strike.

Following a 48-hour announced policy, the Dominion Coal Co. refused to negotiate for a settlement as long as the miners were idle.

**TWO ARE HELD FOR ROBBERY**

DRUMHELLER, Alta. Aug. 15.—Two men were held last night and police believed their arrest had ended a series of burglaries in the southern sections of Alberta, Saskatchewan and Manitoba.

An automatic rifle and other weapons were found when police arrested Jack Thompson and George Anderson.

The men were charged with robbing a bank in Hanna, near here, yesterday. The two police said were implicated in a garage robbery in Belmont, Man., burglary a postoffice in La Porte, Sask., and numerous robberies in Alberta.

The men were charged with breaking and entering and possession of stolen goods.

The United States Senate has set as a quest of impeachment 10 times since the formation of the American Constitution.

INTIMATE GLIMPSES AND INSIDE STUFF ON THE MOVIE COLONY

CONSIDER the preview: it is an institution in Hollywood, now that publicity premieres are out of style. Indeed, there have been only two important premieres this year—"Modern Times" and "The Great Ziegfeld"—but every picture has a public showing in advance of its release.

The idea of the preview is to unwind a picture before an audience and note the reactions.

When a studio is dubious of a picture's merit and fearful of the

## EARLY ACTION IN PROVIDING WORK FOR IDLE

**Rehabilitation and Remodeling Homes Aim of Unemployment Body**

OTTAWA, Aug. 15.—The National Employment Commission last night issued a statement saying its studies of the housing problems in Canada "have shown that rehabilitation and remodeling of existing structures present particularly favorable promise for early action."

The statement emphasized that the commission is in its drive against unemployment.

**DIVIDE WORK**

At the same time, the statement said, the commission has found it advantageous to divide its work into two main classifications: "Formulation of such emergency measures as may be helpful in mitigating the severity of the seasonal employment problem which necessitates and normally results from the approach of winter conditions" and the "Long-range plans for stimulating employment in many different fields."

The statement emphasized such plans "require considerable study and analysis in advance of their adoption."

**SPECIAL PROBLEMS**

"Individual commissions have spent some time in visiting areas which involve special problems, for instance, Windsor, where special circumstances exist which have led to unusual restrictions on employment opportunities."

"The stage is now being reached where the situation can more specifically be explored with municipal government administrators. The commission has already been given a great deal of co-operation by the Dominion government departments in Ottawa and the provinces."

On request, have promptly sent their specialists to help in working out specific plans. The commission is now on the way to develop a form of organization which will assist in enlisting an ever-enlarging co-operative effort on the part of the community as a whole towards solving many of the existing complex employment problems.

**Sting of Wasp Makes Stranger Of Wife's Mate**

Art Conlin, Alberta Beach resident, was struck so badly by a wasp Sunday that his wife failed to recognize him when he returned to his home a few minutes after the accident.

Strung once by the wasp on the side of his nose, his face swelled so that he could scarcely see out of his eyes, and his swollen lips hid his voice almost beyond recognition.

Mr. Conlin met the formidable insect when he attempted to turn over an old boat which he discovered near the water's edge, and which unknown to him had been commandeered by the wasps as a domicile.

**U.S. Trade With Canada Improves**

WASHINGTON, Aug. 15.—The United States commerce department reported Wednesday import and export trade with Canada increased in June over the corresponding month of 1935.

Exports to Canada were \$34,875,000 in value compared with \$27,642,000 a year ago while imports were \$29,409,000 against \$21,095,000.

The exports for the first six months of the year are announced at \$182,773,000 against \$158,435,000 in the first half of 1935 and imports were \$138,111,000, compared with \$120,460,000.

**HAILE RESTS AT SEACOAST**

BATH, England, Aug. 15.—Emperor Haile Selassie is resting at this seacoast resort, hoping some day to reestablish his Ethiopian kingdom.

The Negus apparently is more cheerful than at any time since the League of Nations gave a cold shoulder to his plea for financial assistance. He has taken heart, his spokesman said Wednesday, by reports that remnants of his armies are operating in western Ethiopia and hope to retake Addis Ababa.

"We are in a strong position with an established seat of government at Gore," the Negus' representative asserted. "The chief difficulty is that we are unable to import munitions."

The Negus, who sought refuge after the diplomatic defeat at Addis Ababa last month, planned to remain several weeks more formulating a program of action and awaiting developments in Ethiopia. He is said to be anxious to receive sympathy, his representative said, but there was no definite assertion he had abandoned plans for the trip entirely.

# BASEBALLS PLEASED AS LOCAL MEETINGS OPEN

## LOOKING THEM OVER

By JACK KELLY  
Race Opener Up 30 Per Cent—  
Monte Santo Barred—Terry  
Fined—Rabbit Ball

Further evidence of Edmonton's rapidly growing interest in racing was presented when the check-up on yesterday's gross betting on the pari-mutuels revealed an increase of slightly better than 30 per cent in comparison with the gross betting on the opening day of the corresponding meet a year ago.

Few race goers could ask for a better card than was presented yesterday as an opener. It had plenty of tough ones to pick, but at the same time enough horses ran true to form to keep the betting interesting. Today's card is another that is filled with interest from start to finish.

Monte Santo set off a lot of fireworks when he ran wild in the two-year-old event. As a result of his cutting in and out with the bit in his teeth, the stewards immediately barred him from further racing until such time as a positive proof is presented that he is over his wayward ways.

Then on top of it, Monte's capers brought Jockey Young, his rider, a punch on the nose from Jockey Terry and a \$50 fine for Terry from the stewards. Terry apparently figured that Young was responsible for Monte Santo's doings in some way or other and one word led to another and eventually to a punch in the jockey room. Santo is just a hard-headed colt with a world of early speed and there is not a jockey on the track can hold him when he takes it into his head to go places. If this youngster can be trained down and made manageable, he would be a mighty valuable animal for the Layzell Stable.

### Too Much Rabbit

Any sport fan who has taken even the most casual interest in major league, yes and minor, too, baseball this season can not help marvel at the avalanche of home runs and safe hits. Time was when it was considered cutting asacram to say that the score of a ball game looked like the result of a cricket match, and now you make that statement you are understanding the fact.

Despite the contentions of few old timers like Joe McCarthy that it is just the result of downright poor pitching, the fact is that there is a lot more to it than a rabbit in this season's ball. The liveliness of the ball is one of the details that are quietly settled behind closed doors before a season starts. If it is felt that the game wants more hitting, then the manufacturers are told to live up to the bill.

Last spring the moguls felt that with Babe Ruth out of the picture they would have to make up for him by giving him his walking. They overlooked the fact, however, that one or two Babe Ruths among the several hundred players are an attraction, but when every other player is hitting home like the Babe it becomes a tiresome monotony. Today's players who couldn't make an infielder back up on a bet a couple of years ago are driving the ball out of the park regularly.

Just undoubtedly like a few stout blows in the game, but hitting is only a part of baseball and not the most dramatic or difficult. Take your squeeze play, double steal, and all the rest of the inside stuff. It's as rare today as a dodo and the reason is not hard to find. When every man on the batting order is a potential fence-buster, such finesse is not needed. All you need is to hit and run, and the game is on.

In both major league circuits and all the minors, fans are walking out of the park in the seventh inning by droves. You can't blame them when one team is leading by a dozen runs. On the other hand, you can't blame them when the home team has the best he has seen and he will tell you about some fifteen or sixteen inning struggle with the score 2-2 or 3-3.

## Whiskers Adams Matched With British Mat Champ

Meets Lansdowne in Main Event of Wrestling Card at Empire

Mike Cutcher has something really exceptional for the next end of pro midweek wrestling at the Empire Friday when he will offer for the approval of Edmonton fans a main event between the Lansdowne and Hugh "Whiskers" Adams as the main attraction of the event.

His Lordship is product of an English lineage and has won a scant ten miles from London in the state of his family. He has attended Oxford University four years and then turned his activities toward sport, and particularly wrestling. Soon he became well-known and midweek champion of Great Britain. A few years ago he joined pro ranks in the United States where he now has the reputation of a top notch grappler. His training, with Hugh Adams, the class heavyweight of David wrestling, should make one of the best bouts shown here.

In the semi-weekly match, Kim Kuek, the fifty grapple, will meet in local fare-up with a local against Johnny Demichie. The latter is also well known in Edmonton, which is his home town, and where he learned the art of wrestling. Johnny will be a tough nut with plenty of opposition and if he can't win, he will come out the winner.

The preliminary will see Jack Jackson of Edmonton tangle with Count Meneff of Chicago. Maurice DeBlanc will referee the card.

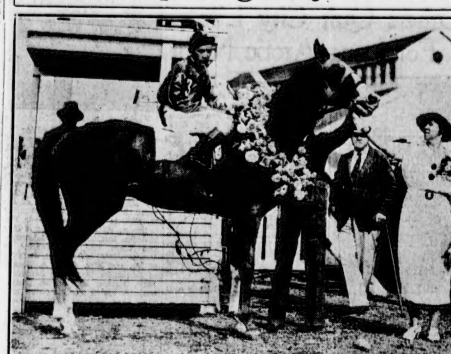

The advance seat sale opened this morning at Mike's News Stand.

Decisions have a much higher probability rate than have either lawyers or clergymen.

The stock chestnut gelding was given little attention by pari-mutuel bettors and as a result of his victory paid the handsome amount of \$23.80 on the nose, a high figure for the day.

## Campbell Wins Semi-Final Berth In Olympic Rowing

PONOKA WINS TWO GAMES TO TAKE TOURNAMENT

By FLENNY DULMAGE  
BERLIN, Aug. 12.—Flashing the powerful arc-sweep that made him a North American rowing great, "Chuck" Campbell of Toronto Wednesday gained a semi-final berth in the hot fight for the Olympic single sculls after Hamilton Leander had been beaten off in the first challenge for the Crew crown. However, the Canadian huskies have another chance today.

Campbell finished with one of his characteristic bursts of spirit speed to beat Cecil Pearce, Australian nephew of the peerless Bobby, in a consolation heat. Leander, rowing an outside lane, faded by a easy win, finished third behind the elated man crew of Hungary and Italy.

However, the centre of the regatta was taken by the bravery United States defenders of the eucalypted site, University of Washington boat full of heart and muscle that hit a dazzling clip in the last 100 metres to send a giant English challenge and upset the crew of the University of California.

The American's time of 6:08.3 compared with the Olympic standard of 6:03.2 and the course mark of 6:03.2 and the course mark of 6:03.2.

Paced by Art Chapman and Doug French, the Canadian baseball team west in the semi-finals by sweeping Uruguay 4-21 in a soft exhibition.

Chapman had the accurate flips for 12 points and French followed for 12 points and French followed for 12 points.

Beat Calder Cubs 16-13 in Deciding Game of Community League

With a spirited slugger attack in the final innings of the game, the Cardinals defeated the Cubs 16-13 in the deciding game of the Community League baseball playoffs.

At every stage the game was a close one, featured by some heavy hitting and some good fielding.

Returning the ninth inning, the Cardinals, led by the dynamic slugger, beat the Cubs 16-13 in the deciding game of the Community League baseball playoffs.

Down two runs down, the score standing at 16-13, the Cardinals started hitting home runs. With a vicious attack on the offense of the Cardinals, the Cubs were unable to score.

## Hearts Win First Game Of Playoff

Defeat Calhies By 4-3 Score In Charity Shield Soccer Contest

The first game of the Charity Shield playoffs took place last night at Diamond park when the Hearts and Calhies clashed with Hearts carrying the laurels by a 4 to 3 margin.

Both squads had many new members in their lineups but nevertheless the game was fast, clean and interesting.

For the first 30 minutes of play the teams fought full out without either squad gaining much of an edge. The game was a close one.

## Broadway Breeze Wins Feature Race Paying Best Price

Second Best Payoff Made in Eighth Race As Dunrode Speeds to Fine Triumph, Paying Backers \$21 Flat

By JACK KELLY

With closely matched fields that brought a number of unexpected winners down from smart payoffs, a fast track and a meticulous arrangement of details that made everything click perfectly, Edmonton's seven-day race meet got away to a brilliant start at the Exhibition track Wednesday afternoon.

The Fort Saskatchewan Handicap, feature race on the day's card, saw an imposing group of thoroughbreds go to the post and Broadway Breeze almost completely overlooked in the betting, led them all across the finish line in the eighth race.

Polvo Price and Just Mrs. Polvo of the in-famous favorite, second and third respectively with the highly favored Rose T. and fourth across the line. Penversy and Pippin were fourth and fifth.

Arctic, however, finished fifth and sixth respectively, despite the fact that Penversy ran a dead heat with Polvo Price here during the Exhibition meet in July.

Broadway Breeze brought the biggest payoff of the day, \$22.50 straight, \$2.50 to place and \$4.50 to show.

The daily double was comparatively small, \$3.50 to win and \$2.50 to place. Cost returning \$3.50 to those who bet on Broadway Breeze to win and \$2.50 to those who bet on Polvo Price to place.

## ORANGE CRUSH BEATS ROSYTH BY 10-4 SCORE

Lead Semi-Final Series By One Game—Second Game Undecided

By JACK KELLY

Orange Crush swept into a one-game lead in their semi-final series with Rosyth as the Edmonton girls upset their rivals by a 10-4 score Wednesday evening. As a result of their triumph Wednesday the Crush team will go into the second game of the series with a 1-0 lead.

Orange Crush, led by two girls, decided "hot" favorites to take the first two games and as a result, the Northern Alberta softball finals against Lloydminster.

## A BEDTIME STORY

Story by HAL COCHRANE Pictures by GEORGE SCARBO

Brave Scouty said, "A square like we have made. I'm sure will do. We only need it when we sleep. It's shelter over our heads."

"Now, if some fine furs we could hope the two girls won't be fussy, and want little beds."

"Oh, don't you worry! We will make the best of things. We will."

ways take whatever comes," said Scouty. "I think furs will be just fine."

"And then the kindly Eskimo exclaimed, "To my house I will go. I have more furs than I need so you can use some of mine."

In just a little while they had the igloo fixed. "I would be too bad now, if the sun began to melt!" little Scouty said.

"We have to sleep out on the ground and, though we would be safe and sound, I'd hate to do it, with night and the sky over my head."

"Oh, that will never happen."

felt just like a thrilling ride!"

"That's the Eskimo replied, "You will take us on this trip!"

"You'll have a dandy trip with me. I'll make the big bear ride. Oh, I just wish I had a whip."

The Eskimo snarled, "Goodness, no, would you spoil all of my bear's fun? I wouldn't let you whip him. You won't need to, anyway."

And then the bear was hitched up light. The boys hoped on, in keen delight. In about another second they were on their merry way.

(Scouty does some fancy laser in the next story.)

## Curious World

—By William Ferguson

In 1897, a few skylarks imported from England made an effort to establish themselves on Long Island, in what now is the city of Brooklyn. One nest containing young was found in that vicinity, and another was found there almost 10 years later. There were reports of skylarks there as late as 1907, but so far as is known, the species is now extinct in America.
